Citizens Telephone Company

BREVARD, N. C.

GENERAL INFORMATION

BUSINESS TRANSACTIONS WITH THE COMPANY

On page one is shown information regarding the placing of long distance calls, securing numbers not listed in the directory, reporting telephones out of order and making emergency calls. Other matters, including business transactions, should be taken up with the business office either by telephone, personal visit or letter.

BUSINESS OFFICE
225 East Main Street, Brevard,
North Carolina, Telephone 884-9011

SERVICE APPLICATIONS, CHANGES AND DISCONTINUANCES

Applications for new service, changes, additions and discontinuances of service should be handled through our business office. A telephone call will, in almost every case, enable you to transact business promptly and satisfactorily.

BILLS AND PAYMENTS

Bills are rendered on the 1st of each month for local service in advance, for a one-month period from date of bill, and for long distance service for a one-month period through the 19th of the month preceding the month the bill is rendered for local service. Bills may be paid by mail or in person at our business office, 225 East Main Street, Brevard, North Carolina, or at First Union National Bank, Rosman, North Carolina.

TARIFFS

Tariffs which show rates, rules and regulations for telephone service and facilities are on file with the North Carolina Utilities Commission, and are available for public inspection at our business office.

TELEPHONE NUMBERS

The subscriber has no property right in the telephone number, and the Company reserves the right to change the call number or the central office designation associated with such number whenever it is deemed desirable in the conduct of its business.

MAINTENANCE

All ordinary expense of maintenance and repair, unless otherwise specified in the Company's schedules, is to be borne by the Company. If any instrument or piece of apparatus is destroyed or injured, otherwise than by unavoidable accident, the subscriber is to pay the actual cost of replacing or restoring the same to its original condition.

CUSTOMER TELEPHONE REPAIR CENTER

Repair problems involving telephone sets leased from Citizens Telephone Company can easily be taken care of at our new carry-in Repair Center. Just call our repair service, explain the problem you are having, and we will tell you if the Repair Center can take care of it. If it can, simply drop your telephone by and we will replace it with a black rotary or tone dial desk set. If you prefer another color or style, you may turn the black set in and get $5.00 off the purchase price of a new telephone (sold at Citizens Communications Showroom) or a refurbished or used telephone (sold at the Repair Center). Certain problems, such as those in your telephone line, etc. will still require a visit by our repairman, but your waiting time should now be reduced. Hours: 9:00 am until 5:00 pm Monday through Friday.

INTERRUPTION OF SERVICE

If the service is interrupted, otherwise than by negligence or willful act of the subscriber, the only liability of the Company shall be to abate charges during the period such interruption continues, after forty-eight (48) hours' written notice thereof to the Company.

RESPONSIBILITIES FOR MESSAGES

Subscribers are responsible for all charges for messages originating from or reversed to their telephones.

TELEPHONE DIRECTORIES

Loss of time and inconvenience by calling wrong numbers can be avoided by consulting the current directory before placing a call.

Between directory issues certain numbers do not appear in the current directory due to changes and new installations. These numbers may be secured by calling Directory Assistance 411.

Every effort is made to have listings absolutely correct. However, this Company is not liable for damages arising from errors or omissions in free listings. Its liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory.

TELEGRAMS BY TELEPHONE

Telegrams may be transmitted to and received from the telegraph office by telephone. To send a telegram or cablegram, call Western Union Telegraph Company, 883-3291. By arrangements with the Telegraph Company, any telephone subscriber may have charges for messages received or sent by telegraph charged to his telephone and collected with his telephone bill.

USE OF RESIDENCE TELEPHONES FOR BUSINESS PURPOSES

Residence Telephones are installed with the understanding that they will be used for normal social or domestic purposes.

A Residence Telephone will be changed to business service, if used primarily or substantially for business purposes, or if the residence telephone number is advertised in connection with the sale of products or services, and the subscriber has no business service elsewhere within our system.

DIRECTORY ASSISTANCE CHARGING

Requests for directory assistance in the 704 calling area (local dial 411 and long distance 555-1212) in excess of five-call allowance, per billing period, are charged for at 20¢ per call.

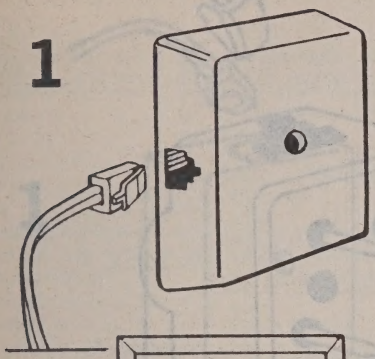
For each 704 long distance call made from and billed to a subscriber line, one free 704-555-1212 directory assistance call will be allowed within the same billing periods without charge.

There is no charge for directory assistance outside of the 704 area code.

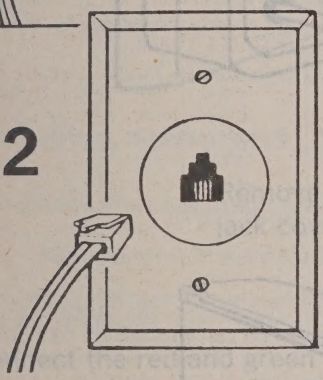
For further information, contact your business office.

how to connect or disconnect your phone

1



2

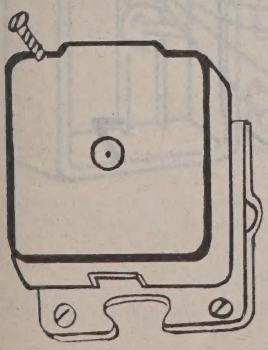


The illustrations to the left should be helpful to you when installing or disconnecting your telephones. Illustrations 1 and 2 show wall receptacles (standard jacks) which can accommodate modular telephone cords. To install your phone, match the plug at the end of the telephone with the receptacle and insert. To disconnect the phone, squeeze the clip on the plug and pull it out of the receptacle.

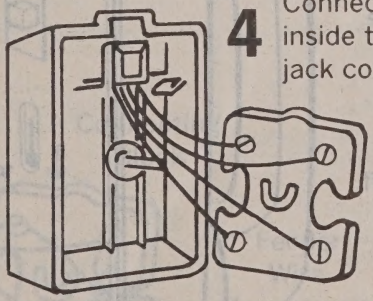
Illustrations 3 through 5 show receptacles (non-standard jacks) which can easily be converted to modular jacks with the use of a conversion kit. Kits may be purchased from Citizens Telephone Company.

Remove cover.

3



4



Connect the wires inside the modular jack cover.

5

Position the modular jack cover over the connecting block and plug in telephone.

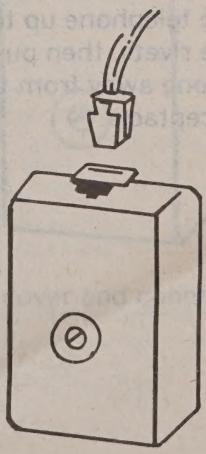


Illustration 6 shows a receptacle (non standard jack) which can accommodate modular cords through the use of an adapter. The adapter simply plugs into the receptacle. With the adapter in place, insert the plug as described on the previous page.

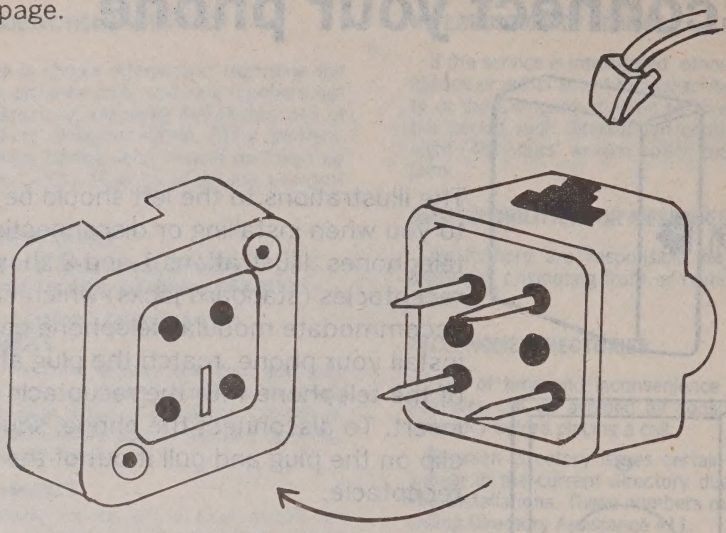
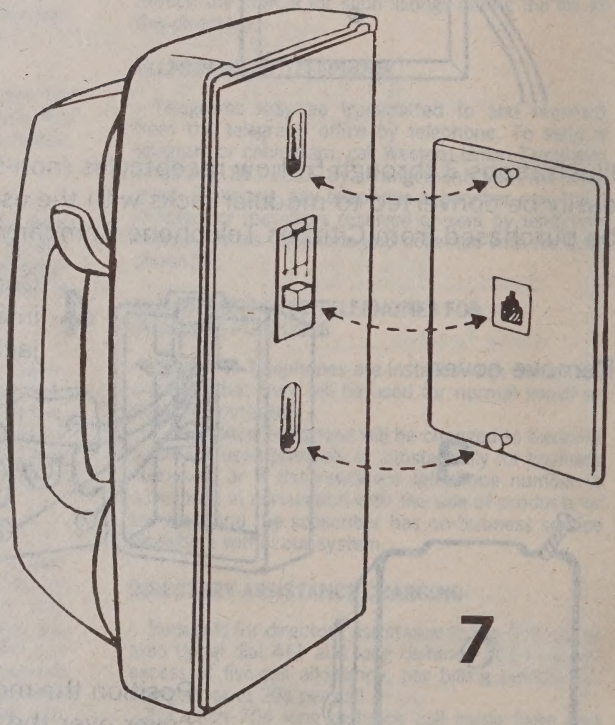


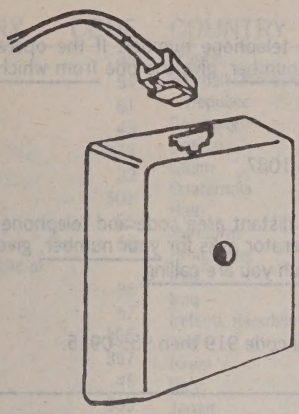
6

A receptacle for a wall-mounted phone is shown in illustration 7. To connect your wall phone, match the holes in the back of the telephone with the rivets on the wall mounting, push the phone lightly against the mounting while sliding it down into place over the rivets. To disconnect, slide the telephone up to lift it off the rivets, then pull the phone away from the receptacle.



7

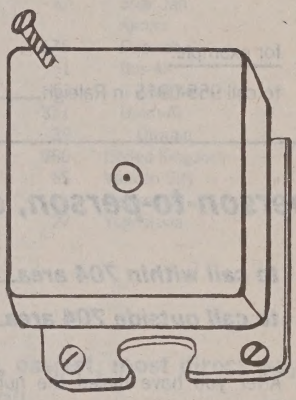
IF YOU PLUG IN A NEW TONE DIAL TELEPHONE AND CANNOT CALL OUT . . .



1

Disconnect the phone from the modular wall jack.

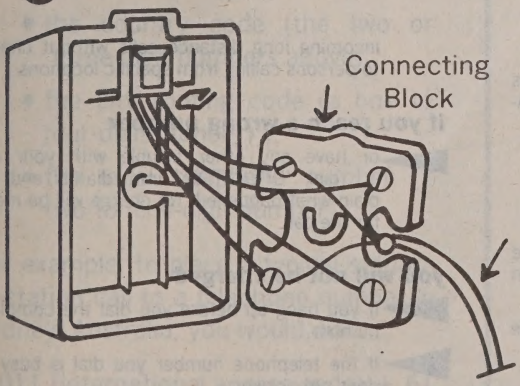
2



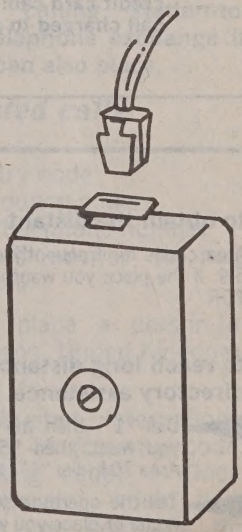
Remove the modular wall jack cover.

Disconnect the red and green wires from the modular jack cover and reverse their locations on the connecting block. (If green was connected to green and red to red, reconnect green to red and red to green.)

3



4



Replace modular jack cover and connect the phone.

International Direct Distance Dialing (IDDD) is the fastest, easiest, most direct way to reach these 70 countries. Here's how easy it is to place a call.

station-to-station calls

Dial:

- the international access code (011)
- the country code (the two or three-digit numbers above)
- the city routing code (a one to four-digit number)
- the local telephone number (a two to nine-digit number)

For example, to place a typical station-to-station call to a telephone number in Sydney, Australia, you would dial:

011 (international access code) + 61 (country code) + 2 (city routing code) + (local number).

In addition to calling station-to-station, if your telephone exchange is listed above, you can also place. . .

operator-assisted calls

- 01
- the country code
- the city routing code
- the local telephone number

An operator will answer to help complete your call.

For example, to place a person-to-person call to London, United Kingdom, you would dial:

01 (operator-assisted international access code) + 44 (country code) + 1 (city routing code) + (local number); an operator would then answer to help you complete the person-to-person call.

Please allow at least 30 seconds for all foreign calls to go through.

area codes speed your long distance calls

The U. S. and Canada are divided into more than 120 telephone areas. Each area has a 3 figure area code. Your area code is 704 (see map). The area code of the telephone you are calling should be dialed or given to the operator if it is different from the area code of the telephone you are using. It should not be used if it is the same. (When placing call with operator, say, for example, "I want area code 311-555-2368.") When you give someone your telephone number, include your area code if he needs it to return your call. A list of selected area codes is on pages 5-9. Area codes for other places may be obtained from the OPERATOR.

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

EASY TO FIND

Customers don't need telescopes. Your advertising in the Yellow Pages of this directory enables buyers to find you in a hurry. That's where they look when they need repair work or merchandise. Then they telephone their orders. It pays to advertise in the Yellow Pages.

thinking about someone special . . . on a special occasion?

Call long distance. Let the telephone carry your message of congratulations on Anniversaries or Birthdays.

Phone long distance – the inexpensive way.

People make this book a best seller

3 out of 4 adults use it an average of 40 times a year, and 9 out of 10 follow up with action. **The yellow pages is a great buyers guide.**

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

Your telephone company has always tried to see telephone problems through *your* eyes. It approaches its problems with the determination that "the customer *must* be pleased," and develops its service to that end. Particular care is taken, therefore, in selecting telephone workers. Telephone people want to serve you. Your viewpoint is their constant concern.

A vital factor in the highly specialized work of providing dependable, low cost telephone service is that telephone supervisors—foremen, wire chiefs, chief operators, managers—start at the bottom. Every part of your service is managed by men and women, whose judgment and decisions are based on experience with the job.
